Still, in even greater numbers, the world, in its whirl of money and money-making, throws out the ruined, wounder mained, starved, lonely, sick, said, dying, destinite, and the tens of thousands inswanted liables and children. EAUTIFUL PICTURES—MANY PORTRAITS—MOST ATTRAC TIVE READING MATTER—A NEW SERIAL STORY.

The Special Christmas Number of "The War Cry" is almost completed. We are trying to make it better than any previous numher good as they have admittedly been. It will consist of a The Covers, printed in three colours: 2. The Supplement in two colours: 3. The Pictorial Section, containing a choice selection of portraits and other pictures, and, 4. The Letterpress Section-siv. teen hopes of the best reading matter

In a later issue we shall give detailed particulars of this Special Number, but we must at once mention some of its most attractive features. For the front-page picture one of Canada's leading artists has been employed, and he has certainly given us a glorious study of the journey of the Wise Men. The reproduction of Girardet's famous painting, "The Flight into Egypt," makes a fine Supplement subject. Then there is a new portrait of The General, whose visit to Canada will add greatly to the widespread interest already felt in his personality. Colonel Sowton (formerly Chief Secretary in Canada, and now filling a like position under Commissioner Booth-Tucker) has sent us a number of delightful photographs of Army Work in India. We have secured a new photograph of the Commissioner for this issue. We can, in any ease, assure our readers that, for pictures alone, the Christmas Number of "The War Crv" will be one which they will wish to treasure. But much eare has been bestowed upon the Letterpress Section our chief desire having been to make the issue a living forceful voice. Of this Section we shall have more to say: it should, however, he added that the Christmas "War Cry" will contain the first instalment of a new Canadian Seriel Story. The price will be ten eents. The Massey Music Hall, Toronto, where The General's meetings on Sunday November 2nd, were held. has an interesting history for the Salvationists of the Dominion, for many notable events have taken

place there.

The building, which seats approximately four thousand persons, was (according to a memorial tablet placed in the main entrance) erected by Harl A. Massey, Esq., in memory of his chlest son. Charles M. Massey, who died in 1884. Ten years later, the Hall was presented by Mr. Hart Massey (who has since passed away) to the citizens of To-routo, with the request that it he made a place where the middle class and poorer folk could hear good

More wonderful than any music have been the sights which The Salvation Army has witnessed there. One of the first meetings after the crection of the Hall was a massed Dand Fustival, held in connection with a Salvation Army Congress in the city. In later years the Hall be-came the battle ground of the late General, and the memorial service for him, was also held there. The present Mrs. General Booth, Com-mander Eva Booth, the Chief of the Staff (Commissioner Howard), and many leading Army Officers, have there addressed great audiences, and seen hundreds of souls seek salvation and boliness at the foot of the huge platform. For many years now, it has been customary to hold now, it has been customary to the public gatherings of the A Congress in the Massey Hall.

After Long Anticipation Two Thousand Meet General Bramwell Booth Face to Face. Scenes of Turnultous Joy

THE SEEKERS IN THIS HISTORY MAKING MEETING. "OH, HOW THE DEAR OLD GENERAL WOULD HAVE ENIOYED THIS!"

the GENERAL'S first meeting in Toronto, after the Civic Reception, was his first meeting on the American continent. The fact itself was of historic importance. One had to go back twenty-seven years to find anything like a comparison. The General William Booth conducted his opening campaign on this continent. Now his son and homorred tinent. Now his son and honoutred Successor in the leadership of The Army was beginning his world-wide journeyings in a similar order. We felt we were history-making again, and were proud that it should be so.

But was it not all a draam? Anhe but was it not all a dream? Anticipated so long; so long and so urdently desired, was The General's visit at last an accomplished flesh-and-blood fact?

Most of those two thousand Officers and Soldiers gathered in Cooke's Church (kindly lent) had seen Gen-eral Bramwell Booth at the City rral Bramwell Booth at the City Hall in the afternoon—at "that won-derful Reception," as he was him-self pleased to describe it; but many self pleased to describe it; but many of his own people enuld not get near enough to hear his voice at that function and many saw him only at a distance.

Now, their eyes were suffused with tears. Here was The General whose itseahing, and preaching and treathing and meant so much to them.
